The Jewish people trace their origins back to the biblical patriarchs Abraham, Isaac, and Jacob, with their history documented extensively in religious texts such as the Torah. Traditionally, Jewish history begins around 2000 BCE in the ancient Near East, particularly in the land known today as Israel and Palestine. Early Jewish civilization was characterized by the establishment of kingdoms such as Israel and Judah, with Jerusalem serving as a spiritual and political center.

Throughout antiquity, Jews experienced periods of independence, exile, and diaspora. Notable events include the construction of the First and Second Temples in Jerusalem, the Babylonian exile in the 6th century BCE, and subsequent conquests by empires such as the Persians, Greeks, and Romans.

Despite geographical separation, these communities maintained their religious and cultural identity, adapting to local contexts over centuries.

Major historical challenges included periods of persecution, expulsions (such as from Spain in 1492), and pogroms, which fueled migrations and shaped Jewish resilience.
